

Stewardship Opportunity

Pastoral Care Parish Nurse

Our Pastoral Care team extends compassionate care to all in our parish community who may be sick, grieving, or desiring a tangible sign of God's presence, in some way, in their lives.

Being a Parish Nurse is a way to connect with people over common health concerns.

Parish Nurses monthly provide blood pressure screenings after Mass.

What's expected?

- Take blood pressure of parishioners
- Evaluate readings
- Make follow-up recommendations as needed

Talents needed:

- Medical knowledge
- RN, LPN, or EMT
- Visual ability to read monitors

Time commitment:

- Term – September - June
- Meetings – Once every 2 months following Mass
- Training – Provided by team leadership, 30-60 minutes

Benefits:

A great way to share your nursing/healthcare skills while increasing health awareness and education.
